ENGLAND DAZED BY AMAZING SUCCESS OF GRIM TEUTONS

Now Expects to Send Every Soldier to Front--Namur's Fall Astounds--Resolve Never to Surrender to Foe --Will Hold Sea Power

LONDON, Aug. 25.—The fall of Namur with its nine forts was admitted by the war office here today. This unexpected success by the Germans is regarded as ending all hopes for an early termination of the war. It is now believed that the British will be compelled to send every available soldier in the country to help the allied forces already in the field. Another strong body of troops is reported as already on the way to the continent.

The newspapers demanded an explanation of the sudden loss of Namur but beyond the admission that it has fallen, the war office is silent. Experts suggested that the French, over-confident, had advanced too fast and were overwhelmed by the Germans. The British losses are understood to be enormous. One government official said:

"When it becomes known what both sides have suffered, the world will be startled."

The fall of Namur has fairly dazed the country. That such a fortress could be taken without a prolonged siege was never contemplated by anyone. The newspapers today admitted that the German advance on Paris was at last on the program.

"England and France," said the Chronicle, "must stubbornly resolve that, come what may, they will never surrender to Germany. We must stick to her as she stuck to Napoleon until we pull her down. As long as we hold the sea, we cannot ourselves be vitally stricken."

Allies in Good Spirits
Premier Asquith, speaking to the House of Commons today, said: "The enemy pressed the British hard, but was shaken off. It is not desired to say anything more at present."

AUSTRIA MAKES DECLARATION OF WAR TODAY AGAINST JAPAN

VIENNA, Aug. 25.—Austria today declared war against Japan. The declaration was handed the Japanese ambassador with his passports. He is expected to leave immediately for Italy. Almost simultaneously with the announcement of the Austrian war declaration came a report from Shanghai that an Austrian cruiser in Kiau Chiau Bay would help the Germans oppose Japan and will not disarm, as had been expected.

WAR NEWS IN BRIEF

Siege of Tsing-Tau Begins
SHANGHAI, Aug. 25.—The siege of Tsing-Tau has begun. The last correspondent out of the city wires that 40,000 coolies have been working eighteen hours a day for three weeks digging trenches, laying mines and creating wire entanglements which, he claims, will cost Japan 100,000 lives.

The port's defenders are 7000 trained men of the garrisons. They have food and ammunition to last four months.

The last message received from the Germans before the wires were cut was that they would "proudly and happily sacrifice themselves for the emperor and the empire."

"The more such enemies," the message concludes, "the more the honor."

Belgium Independence Day
BRUSSELS, Aug. 25.—With her fields bloodied in the general conflict of European powers, Belgium today celebrated her "Independence Day." Today was the anniversary of the revolution in 1830 which resulted in the independence of the nation.

French Hospitals Crowded
VICHY, France (via Paris), Aug. 25.—The presidential palace and all the

FRANCIS JOSEPH IS REPORTED DYING FROM WAR STRAIN

COPENHAGEN, Aug. 25.—The published accounts of Francis Joseph's illness were confirmed from German sources today. The cause of the breakdown is said to be the terrific strain of war. One report had the emperor dying, but this was not verified.

WEATHER FORECAST

Fair tonight and Wednesday, except cloudy along the coast; light west wind.

I can add, however, that the French government reports that the British troops, despite hard marching and desperate fighting, are in the best of spirits. The government has no list of casualties to make public, yet."

Battle at Ostend

German cavalry having appeared in the vicinity of Ostend, no Belgian troops being available there, a force of gendarmes sallied forth to meet the enemy, according to a daily news dispatch today. A desperate battle was still raging in the streets of Ostend when the message was filed, and automobiles were carrying the wounded to the hospitals.

1,000,000 Germans Hammer Allies

LONDON, Aug. 25.—Germany has stunned Europe by her herculean advance along a battle line extending practically from Lille to the Swiss border, forcing back the English and French allies on their second line of defense. One million Germans of all arms have begun hammering away on the Belgian-Franco line and the German-Franco frontier.

The three days' battle that ended in the reverse to the allies, began Saturday ran on a line from Mons, via Charleroi and Namur to Neufchateau in Belgium. Of the fall of Namur, the utmost surprise is felt. It is believed the Germans attacked the allies in this part of Belgium with all their available force.

Nancy, an historic, unfortified city, capital of Meurthe-et-Moselle, is said to have fallen to the Germans.

Boer Farmers Aid English

CAPE TOWN, Aug. 25.—German raids into British territory from German Southwest Africa, were confirmed today. Boer farmers, contrary to expectations, are opposing the Germans.

Plans for Establishment of Corporation With 10 Millions to Start Ball Rolling

WASHINGTON, Aug. 25.—As a result of a conference between President Wilson, Secretary Daniels and a subcommittee of the House committee on naval affairs yesterday co-operation in the framing of an administration bill for the government ownership of a national marine was established between that body and the house committee on merchant marine and fisheries, which also is preparing legislation.

The consensus of opinion developed at the conference was favorable to the establishment of a new corporation with a capitalization of at least \$10,000,000, not less than 51 per cent of which shall be owned by the government, which shall have conferred upon it power to purchase, own, maintain and operate a national marine and to take over the ships of the Panama railway steamship company and such naval vessels as may be available for commercial purposes. All of the ships owned by the company will be available for service as auxiliaries to the navy.

Germans Take Brussels Car Fares
BRUSSELS (via Paris), Aug. 25.—The Germans are taking every evening the total receipts of the tramways for the day.

To Publish Peace Conventions
WASHINGTON, Aug. 25.—The House yesterday by unanimous consent passed a resolution authorizing the printing of 5000 copies of The Hague peace conventions adopted in 1899 and 1900.

U. S. Neutrality Declared
WASHINGTON, Aug. 25.—America's neutrality in the war between Japan and Germany will be proclaimed today by President Wilson.

Would Elect Pope for Peace
ROME, Aug. 25.—Cardinal Farley of New York arrived here today to attend the conclave of the members of the Sacred College to choose a new pope. He said: "The Cardinals are praying God to guide in the election of a supreme pontiff who can restore peace in Europe."

SAN FRANCISCO ADOPTS ITS NEW POSTAL PLAN

SAN FRANCISCO, Aug. 25.—The new postal plan, whereby the bulk of San Francisco's mail will be handled at the Ferry building and thus save several hours and considerable expense, has been approved by Washington officials, and the arrangements, it was decided today, will be put into effect next December. The plan was approved by Postal Inspector Bushnell, who was sent here from Washington to make a thorough investigation of the scheme. Nearly ninety per cent of San Francisco's mail passes through the Ferry building and by handling it there the delay and expense of hauling it to the main post-office at Mission and Seventh streets will be saved. The new plan means that the entire working force at the postoffice will be reorganized. The saving will not only affect incoming and outgoing mail but will mean a quicker distribution of local mail, especially to and from the central business and financial districts.

FIRST PHOTOGRAPH OF ACTION IN CONFLICT BETWEEN AUSTRIA AND SERBIA—SERVIAN SOLDIERS IN TRENCH

This is the first photograph of action in the conflict between Austria and Serbia, the war which involved all Europe in the greatest struggle

of history. The Serbian soldiers here shown are half buried in a trench. Through a field of growing wheat they are firing on a body of

Austrians a half mile off. Reports from Serbia are to the effect that they have driven the Austrians from their country and that they will

take the offensive. This fact may be due to the assault of Russia on the Austrian frontier. The Austrians may have withdrawn their troops to fight the stronger enemy.

U. S. MARINE IS VOTING IS VERY PRACTICALLY ASSURED LIGHT OVER STATE

Plans for Establishment of Corporation With 10 Millions to Start Ball Rolling

WASHINGTON, Aug. 25.—As a result of a conference between President Wilson, Secretary Daniels and a subcommittee of the House committee on naval affairs yesterday co-operation in the framing of an administration bill for the government ownership of a national marine was established between that body and the house committee on merchant marine and fisheries, which also is preparing legislation.

The consensus of opinion developed at the conference was favorable to the establishment of a new corporation with a capitalization of at least \$10,000,000, not less than 51 per cent of which shall be owned by the government, which shall have conferred upon it power to purchase, own, maintain and operate a national marine and to take over the ships of the Panama railway steamship company and such naval vessels as may be available for commercial purposes. All of the ships owned by the company will be available for service as auxiliaries to the navy.

MULHAUSEN YET HELD BY THE FRENCH

Allies Not Discouraged by Reverses—Japan Considers Aiding England

WASHINGTON, Aug. 25.—The French are still holding Altkirch and Mulhausen today, according to an announcement by the French embassy here. It was also declared that the allies, following a defeat by the Germans, were firmly established at a point west of where the battle was fought. The statement was added that "France and England are not disheartened by their reverses."

Primaries Not Calling Out More Than 70 Per Cent of Registration

Los Angeles' Interest All in County Offices—40 Per Cent Out in Sacramento

SAN FRANCISCO, Aug. 25.—Registrar Zemansky of San Francisco stated today that not more than seventy per cent of the registered vote will be cast. California's total registration is 1,099,440. The Republicans here predicted that Fredericks will win the Republican gubernatorial nomination over Keesling. They figure that Fredericks will get the solid south of the Tehachapi vote, while the vote north of the Tehachapi will be split between Keesling, Charles M. Belslaw and W. C. Ralston. The Democrats believed that Fred H. Hall or John B. Cyprien will be nominated.

Governor Johnson will be unopposed as he is the sole Progressive gubernatorial candidate, but it is not believed he will poll sufficient votes to re-elect him at the primary. The opinion here was that Francis J. Heney will beat Chester H. Rowell for the Progressive senatorial nomination. The closest race in the senatorial contest will be that between Samuel Shortridge and Joseph R. Knowland for the Republican nomination. Both are confident of victory.

Little Interest in Sacramento
SACRAMENTO, Aug. 25.—The voting is light here. It is estimated that not over forty per cent of the total registration will be cast. County returns are not expected to be complete before Thursday.

Light Vote in Los Angeles
LOS ANGELES, Aug. 25.—About forty per cent of the registered vote is being cast in today's primaries. Interest in the city and county offices overshadows the state fight, it being a foregone conclusion that Governor Johnson and John D. Fredericks will get the Progressive and Republican gubernatorial nominations here.

GERMANS NATURALIZE IN AUSTRALIAN STATES

LONDON, Aug. 25.—According to the correspondent of Reuter's Telegram Company at Melbourne, prize courts have been established in all the states of the Australian commonwealth. The correspondent adds that nearly 800 Germans have been naturalized in Australia since August 1.

SATICOV BEAN CROP IS GOOD
SATICOV, Aug. 25.—With 6 cents offered for lima beans, and some growers holding out for 7 cents, prospects are bright for ranchers in this section. The beans are now setting and filling splendidly, with but few instances of excessive vining, which was feared would hurt the crop earlier in the season.

SERBIA CHARGES AUSTRIANS WITH ATROCITIES ON RETREAT

NISH, Serbia, Aug. 25.—Serbia has sent a protest to neutral powers against the alleged atrocities committed in their retreat by the Austrians, defeated along the river Drina, on Serbian villagers.

The retreat is claimed to be really a disorderly flight with frightful Austrian losses. It is asserted that four regiments lost practically every man, either killed or wounded.

BATTLE NEAR IN PRUSSIA—TWO RUSSIAN ARMIES IN AUSTRIA

ST. PETERSBURG, Aug. 25.—A general engagement between the German forces and the Russians who invaded Northeastern Prussia, was imminent today. Two Russian armies are overrunning Northwestern Austria. Cossacks have routed a band of Austrian cavalry at Hodowolozisk.

Germans Predict Halt of Russians
ROME, Aug. 25.—High German authorities say if the Anglo-French allies imagine the Russian invasion into East Prussia will compel the withdrawal of the Fatherland's troops from the French frontier, they are mistaken. The Kaiser, it is said, is willing to sacrifice part of East Prussia which is swampy and thinly populated, for the present. This, however, does not mean that the Russians will find a clear road to Berlin.

After advancing about 170 miles along the present route, the Germans point out, they will encounter strong fortifications along the Vistula river from Danzig to the Thorn. That they will carry these defenses is regarded as impossible.

Russian occupation of several passes in the lower Carpathian mountains within the Austrian frontier was announced by the war office today.

Roosevelt's Latest Tribute To Hiram W. Johnson

"There is not a man in the United States I admire more than I do Hiram Johnson. There is not an office in the gift of the people of the United States too high for him."

This is the tribute paid to Governor Johnson by Theodore Roosevelt in a recent letter written by him to Paul W. Hunter, of Fortuna, Humboldt county. Hunter served with Roosevelt in the Rough Riders, and when the opponents of Governor Johnson concocted a story of a break between Roosevelt and Johnson to injure the governor's candidacy for re-election Hunter wrote to the Colonel for the facts.

This is the reply he received from Roosevelt:

"Those stories are perfect nonsense. There is not a man in the United States I admire more than I do Hiram Johnson."

"I have written him that anything I can possibly do for him will, as a matter of course, be done. I wrote as soon as I came back from Brazil offering to come and speak in California, even if it was the only outside state in which I did speak; but my California friends were most considerate, and realizing the terrific pressure upon me this year, stated that it would not be necessary."

"I will write letters or do anything in my power to help elect Hiram Johnson. There is not an office in the gift of the people of the United States that I think too high for Hiram Johnson, and I count the people of California as most fortunate in having the chance to keep such a man at the head of their government."

"Faithfully yours,
"THEODORE ROOSEVELT."

FRANCE SURE OF FINAL VICTORY

Acknowledges Extraordinary Strength of Germany But Sees Her Handicaps

GERMANS MASSES ON BATTLE LINE OF ALLIES

And Further Retirements of English and French Are Almost Sure to Occur

PARIS, Aug. 25.—A council of war took place at the Elysee Palace today. Later the minister of war announced: "There is no doubt in the minds of any French officials of the final outcome. The enemy is advancing in extraordinary strength but every battle weakens him and every advance makes it necessary for him to bring supplies from a greater distance."

"He is now attacking in Western Belgium and along the Swiss frontier. Our policy is to remain on the defensive and force the Germans to take the offensive until we are ready to strike, then to strike hard."

Further Retiring Expected
Fighting still progresses along the battle lines of the allies and Germans. In some places, it was stated by the war office, the Germans are so heavily massed that further retirements by the allies will not be surprising. Censorship was very strict today.

Germans Press Advance
PARIS, Aug. 25.—Following the fall of Namur and the reverse of allies at the hands of the Germans, the allies are on the defensive today. The Germans pressing their advantage, were enveloping the Franco-Belgian and Franco-German frontiers. "The battle," announced the war office here, "continues along the allies' secondary line of defense which the French and British hold, while the Russians move on Berlin."

Belgians Capture Zeppelin
ANTWERP, Aug. 25.—After it had done considerable damage by dropping bombs into Antwerp, a German Zeppelin was brought down within the Belgian lines by a shot from an aerogun today. The crew of twenty-five was captured. The airship hovered over the city some time with the evident intention of destroying the palace. When its ammunition had been exhausted, it sailed away. Then the Belgian gunners brought it to earth. Those aboard the Zeppelin surrendered without a struggle.

RUSSIAN POLAND GAINS FREEDOM

Daily Zgoda Receives News That Czar Has Lived Up to His Promise

CHICAGO, Aug. 25.—Information was received yesterday by the Polish Daily Zgoda from roles in Europe that Czar Nicholas has granted complete independence to Russian Poland, withdrawing all Russian civil and military authorities and permitting the establishment of a Polish government.

"Our information is that Polish government has been established at Warsaw," said Louis Lesnicki, editor of the Zgoda, yesterday. "The Czar promised that if the Russian Poles stood by the empire in the war with Germany and Austria, independence would be granted. Nicholas has lived up to the promise he gave, according to our information, and the liberty we have so long sought has finally been granted to us."

The announcement stirred the Polish-Americans of this city and all united in the hope that a truly free Poland might emerge from the present war in Europe.

"We shall patiently await developments and see what the situation is when the smoke and din of the present war is over," said Peter Rostenkowski, president of the Polish Roman Catholic Union. "One thing is certain: there can be no real and permanent peace without making Poland a free and independent country, to serve as she has in the past as the buffer state between the east and west of Europe."

IOWA POSTMASTERS MEET
AMES, Iowa, Aug. 25.—Postmasters of all Iowa third and fourth-class offices met here today for a four-day annual convention. They were also enjoying "leave with pay."

IDZUMA'S RECORD RUN
TACOMA, Wash., Aug. 25.—After a record run from San Francisco the Idzuma expected to put into either Victoria or Vancouver to take coal and await further orders.

SEVEN AUTOS AND A GARAGE UP IN SMOKE

Carelessly Thrown Match is
Credited With Blaze at
Fullerton

FULLERTON, Aug. 25.—This morning fire destroyed Dryer & Thompson's garage. Seven automobiles were burned. It is not known how the flames got their start. It is believed, however, that a match carelessly thrown into some sawdust that was used to spread upon the floor before sweeping is the cause of the fire. It is understood that four of the seven automobiles, possibly five, were not owned by the garage firm. One of the machines was a big Hudson that belonged to a man from the East. The man had left the machine in the garage for a short time. It is estimated that the damage to the building was \$1000, and that the total loss by reason of the fire was \$6000, partially covered by insurance.

Infection and Insect Bites Dangerous. Mosquitoes, flies and other insects which breed quickly in garbage, pools, ponds or stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects cuts, bruises and sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c at your Druggist.—Advertisement.

STAGE ALL SET FOR BOXING SHOW

Rattling Bouts Promised for
Tomorrow Night's Athletic
Club Bouts

Arrangements have been completed
for the regular Athletic Club smoker
tomorrow evening. A program of seven
excellent bouts has been arranged
with several of the best stars obtain-
able in the line-up.

Joe White of San Gabriel will meet
Billy Burke of Los Angeles in the
main event. This will be their first
meeting, and as both are of the rapid-
fire order a fast bout should be the
result. The semi-windup between Art
Reed of Brea and Kid Burns of Den-
ver is sure to be a winner. This hap-
pens to be their second meeting and
each is anxious to prove his superior-
ity over the other.

In the preliminaries the following
boys will come together: Frank
Ocampo of Santa Ana vs. Young Rube
Waddell of Los Angeles, 128 pounds;
Oran Snodgrass, Santa Ana vs. Arden
Hall, Santa Ana, 110 pounds; Jack
Gibson, Santa Ana vs. Patrick Dug-
gan, J. J. Toro, 158 pounds; Kid Shar-
key, Denver vs. Peggy No. 3, at 115
pounds; Claud Corum, Santa Ana vs.
Earl Chaney, San Gabriel, 108 pounds.

LOOK FOR NEW VARIETY FRUIT

Large Number Types of Or-
anges to Be Tested Out in
This State

WHITTIER, Aug. 25.—When Prof.
H. S. Fasset of this city returned
from an extended eastern trip early
in the summer he brought with him
more than 150 varieties of budwood
representing special trees in Florida,
Cuba and the Isle of Pines. Besides
these he brought many seeds from
special fruits in these countries.

All of these were for experimental
purposes and are now being tried out
at Riverside, Whittier and elsewhere.
It has been a theory of Dr. H. J. Web-
ber of Riverside, as well as of Profes-
sor Fawcett and others, that perhaps
there may be found or developed for
Southern California some citrus fruits
that may yet be as revolutionary to
the industry as was the Washington
navel. Immense possibilities are also
indicated in the matter of finding root
stocks that will be more resistant to
diseases, to frost and drought.

Among the orange buds that now
appear to indicate promise is the varie-
ty known as Louie Jim Gong, a dis-
tinct find in Florida, an orange that
may prove to be a success here.

The story of this orange reads like
a romance. It was originated by a
Christian Chinese in Florida, a man
who is much given to experimenta-
tion, and he says that this particular
fruit came as a result of direct pray-
er when he performed the work of
cross pollination. When the beauti-
ful new fruit appeared he named it
for himself, the Louie Jim Gong.

The fruit is said to resemble the
Valencia closely, but among its splen-
did qualities is that of being able to
remain on the tree for many months
after it is ripe and yet remain unim-
paired. It is easy to see what a
stabilizer of markets such an orange
would be here if produced in large
quantities.

Citrus men all over this part of the
state will watch with interest the
results of the attempt to produce the
Louie Jim Gong here.

CRACK GOLFERS PLAY FOR WESTERN TITLE

MINNEAPOLIS, Aug. 25.—Some of
the best amateur and professional
golf stars of the country were among
the entrants when play started today
in the Western open championships
to continue for two days over the
links of the Interlachen Country Club.
Cash prizes amounting to \$735 were
to be distributed among the winners.
Coming one week after the national
event at Midlothian, the tourney here
attracted many of the prominent stars
who competed at Midlothian.

Play is at seventy-two hole medal
competition, thirty-six holes to be
played today and the same tomorrow.
The winner will receive \$300 in cash
and a gold medal emblematic of the
title. The second prize is \$200, the
third prize \$100, the fourth \$65 and
the fifth \$50. The players making the
lowest score for any round of eight-
teen holes will receive \$25 in cash.

MILITARY CLUB IN BELGRADE, NOW DESERTED

The military club in Belgrade was
the headquarters of Serbian officers,
veterans of the Turkish and the
second Balkan wars. It is now
deserted, and when the Austrian
gunboats on the Danube shelled the
city it was one of the buildings de-
stroyed, according to the newspaper
reports.

CAMPAIGN LYING IS VERY FOOLISH

The press agents of Captain Fred-
ericks have developed an amazing
capacity for seeing a thousand people
in a Fredericks meeting, where local
editors could only see a hundred or
two. An editorial in the Hollister
Bee says:

"Candidates' press agents lie most
foolishly. In the San Francisco Ex-
aminer on Monday Fredericks was
said to have addressed 500 people. We
were generous in placing it at 150, and
mostly all of these were disappointed."

It has been the same all along the
line. In an Oakland theater that
holds nearly 2000 Fredericks claimed
a "capacity house." A careful count
showed something less than 400. The
Fredericks managers announced from
Ventura "the biggest political meeting
of the campaign." Fredericks had
290. Earlier in the campaign Gover-
nor Johnson had 700 in Ventura.

The Santa Barbara Fredericks meet-
ing was heavily advertised. After the
meeting the Fredericks press agents
announced it as a triumphant mass
meeting. They were careful not to
specify the number. A cool-headed ob-
server made the following report on
his meeting there:

"At eight-twenty Fredericks had
180 people. There were nine in the
gallery, sixteen on the stage and 155
down-stairs. Forty-eight more people
came in by nine o'clock. This is a
correct count by myself. Very little
enthusiasm."

WORKING TO IMPROVE COMPENSATION LAW

SCHENECTADY, N. Y., Aug. 25.—
Discussion of further improvement of
the workmen's compensation law, and
the best means for defending it from
any possible hostile legislative at-
tacks was the important work before
the annual convention of the State
Federation of Labor which opened
here today. Delegates representing
all the unionized trades from every
section of the state were present when
the convention was called to order in
Red Men's hall.

WOMAN WANTS TO HELP OTHERS

By Telling How Lydia E. Pink-
ham's Vegetable Compound
Restored Her Health.

Miami, Okla.—"I had a female
trouble and weakness that annoyed
me continually. I
tried doctors and all
kinds of medicine
for several years
but was not cured
until I took Lydia E.
Pinkham's Vegeta-
ble Compound." — Mrs.
I hope my testimonial
will help other suf-
fering women to
try your wonderful
medicine." — Mrs.
MARY R. MILLER, Box 453, Miami, Okla.

Another Woman who has Found Health in Lydia E. Pinkham's Vegetable Compound.

Lindsborg, Kansas.—"Some years
ago I suffered with terrible pains in my
side which I thought were inflammation,
also with a bearing down pain, back-
ache, and I was at times awfully ner-
vous. I took three bottles of Lydia E.
Pinkham's Vegetable Compound and
am now enjoying good health. I will
be glad to recommend your medicine to
any woman suffering with female trou-
ble and you may publish this letter." —
Mrs. A. L. SMITH, R. No. 3, Box 60,
Lindsborg, Kansas.

If you have the slightest doubt
that Lydia E. Pinkham's Vegeta-
ble Compound will help you, write to
Lydia E. Pinkham Medicine Co.
(Confidential) Lynn, Mass., for ad-
vice. Your letter will be opened,
read and answered by a woman,
and held in strict confidence.

HONOLULU WILL TRAVERSE CANAL

Will Carry Passengers From
Pacific Coast—May Also
Try Cape Cod Canal

Los Angeles Examiner: The American-Hawaiian steamship Honolulan, San Francisco to Boston and other Atlantic ports, and the first vessel to carry through passengers from coast to coast via the canal, arrived in Los Angeles Harbor yesterday afternoon and will depart tomorrow.

The Honolulan may also use the new Cape Cod canal on this trip in passing from New York to Boston. The vessel is shipping 500 tons of Southern California products at the local wharves, and practically her whole cargo if of California origin. The Honolulan booked twenty-five passengers in San Francisco for the through trip and will take on others here.

CATHOLIC WOMEN FORESTERS MEET

CHICAGO, Aug. 25.—The Women's Catholic Order of Foresters opened its annual national convention in the Hotel La Salle here today. Eleven hundred delegates were present, representing 70,000 members of the organization in thirty-two states.

Archbishop Edward Quigley, high chaplain of the order, was the principal speaker at the opening session. Other speakers were the Rt. Rev. Alexander J. McGavick, auxiliary bishop of Chicago, and Very Rev. Francis X. McCabe, president of De Paul University. There will be a solemn requiem high mass at St. Mary's church tomorrow morning, in memory of deceased members of the order.

FUTURE OF WINE GRAPE LIES IN THE MANUFACTURE OF A NON-ALCOHOLIC LIQUOR

Asserted that Plan to Convert Plants to
That Kind of Wine Making With-
held by Trust

(By William E. Johnson)
PORTLAND, Ore., Aug. 25.—There is a strange story to tell of some inner intrigues in the California wine industry covering the past year that is of vital interest to the whole state at this time.

The Italian Swiss Wine Company has an immense wine establishment and an acreage of about 4000 acres in grapes between San Bernardino and Los Angeles. They originally purchased the land at from eight to ten dollars per acre years ago and planted it to grapes. The rise in the value of land alone has made the corporation rich for this same land, without the grapes or any other improvements, is worth about \$100.00 per acre or \$400,000.00 for other purposes.

Last fall this concern had planned to erect a gigantic non-alcoholic wine establishment on their property and an European chemist had started from Italy to install the plant in case he was able to duplicate with California grapes the results he had achieved with Austrian grapes. But on account of the dry California campaign, which sprung up in the spring, the project was postponed until another year. Thereby hangs the story.

Discovery of Professor Eudo Monti
For twelve years, Professor Eudo Monti, a consulting chemist, of Turin, Italy, had been experimenting with Italian and Austrian grapes, seeking a process of manufacturing a non-alcoholic wine that would retain the bouquet and all the flavors of the grape which are more or less lost in all known processes of grape juice manufacturing.

Two years ago, he succeeded in devising a system that produced these results in a remarkable manner. The process was an elaborate one, that of a system of manipulating the must under a series of freezing processes.

The surplus water was frozen out of the grapes instead of being boiled out.

Last year, La Co-operative di Esportazione dei Prodotti Viticoli (The Co-operative Society for the Exportation of Grape Products) of Trent, Austria, became interested and constructed, under the supervision of Prof. Monti, an elaborate factory at Trent for the manufacture of non-alcoholic wine by the new process and manufactured about 50,000 gallons as a starter. The new product became immediately popular.

Great Success of the Venture
The machinery required was more elaborate and expensive than that required for the manufacture of the fermented wines, yet the labor and time was so much less that the non-alcoholic wine could be produced at about the same or less cost than the alcoholic variety.

The society is composed of about 800 farmers and among them quite a strong temperance sentiment had developed. The move, however, was as much a business as a sentimental venture. They hope this year to cease the manufacture of brandy altogether.

Last September, a delegation from the International Anti-Alcohol Congress which was assembled at Milan, Italy, visited the establishment, journeying to Austria, for that purpose as the guests of the Society. I had the pleasure of being one of the guests. Among others were such men as Baron Prazak of Vienna, Baron Ch. Ruys de Beerenbroeck of Holland, Dr. Francesco Ferrari of Milan, Italy, Prof. Dr. Robert Herold of Lausanne, Switzerland, Prof. Dr. Ezio Calcaterra of Genoa, and several French and German scientists of international repute. We were received in an official banquet given by the municipality of Arco and another given by the municipality of Trent.

I have never seen a greater enthusiasm on the part of men of this calibre than was displayed by these scientists over the discovery of Prof. Monti, who was present and explained to the visitors the scientific technicalities of his process. At the banquet, served by the municipality of Trent, Monti's wine only was served—half a dozen varieties of it—and was highly praised.

California Wine Makers Get Interested

Monti's new process of making wine without the stinger in it attracted the attention of Dr. Allino, the European representative of the Italian Swiss Company of California, and he went to Trent to investigate. He too became so enthusiastic about the new product that he brought Prof. Monti in touch with the California corporation. The result of the negotiations were that Prof. Monti was engaged to come to California and experiment with the California grapes along the same line. Monti was promised that if he could get the same results from the California grapes the California people would immediately erect a plant for the manufacture of the non-alcoholic wine, five times the size of the Trent establishment.

While in Austria, the Professor explained to me his plan for the enterprise and it was agreed that we would meet on his way to California, to which place he was scheduled to start some time last December.

How the Fat Got Into the Fire
In January I received a letter from Prof. Monti, written at Berlin, Germany. He stated that he was then on his way to California, but had stopped at Berlin, for a couple of weeks on professional business and would shortly meet me in America.

But he didn't.
The reason that he didn't was that the Italian Swiss Company suddenly cancelled the arrangement and Prof. Monti went back home to Turin.

The reason was twofold:
First, the Italian Swiss Company entered the California Wine Association, better known, perhaps, as the Wine Trust. This is the organiza-

tion that fixes the price of wine grapes at \$10.00 per ton when table and raisin grapes bring three times that amount.

Second, the dry statewide amendment campaign had developed and the Wine Trust had tied up with the eastern Whiskey Trust in a death struggle to defeat the movement. The principal argument that was to be used was that the state-wide dry policy would not only annihilate the grape industry, but that it would make punk of the very land on which the grapes were raised.

It surely would not do for the Wine Trust to carry out their proposal to Monti at this ticklish time and thus make ruin of their principal argument. For this reason, the arrangement with the Italian chemist was cancelled or rather postponed until another year, when the dry campaign will be out of the way.

What of the Future?
No matter which way the dry campaign goes, the non-alcoholic wine industry for California is assured. The project was initiated by the Italian Swiss Wine Company before the campaign for the dry statewide policy was inaugurated and only postponed temporarily in order to not spoil their chief argument.

If the dry statewide amendment is lost, the wine people will simply renew their original proposal which they intended to carry anyhow.

If the dry amendment is carried, the wine people will rush their plant to early completion in order to take care of the wine crop for 1916.

The wine crop of 1915 will be marketed in the usual way even if the measure is carried for the reason that, the new dry policy will not go into effect until Jan. 1, 1916.

The California wine men are not going to let the scheme get into the hands of the regular grape juice manufacturers, if they can help it. The regular grape juice manufacturers have had difficulty in keeping up with the rapidly increasing demands for their product and many of these manufacturers have gotten rich out of the traffic.

In the meantime, the holding up of the Italian Swiss scheme will enable the wine men to work their campaign sob story to the limit between now and the third of November, next.

APPLE CROP TO BE 210,000,000 BUSHELS

California Second Producer in
United States—Sugar Beet
Crop is Small

WASHINGTON, Aug. 25.—An apple crop of 210,000,000 bushels is the forecast today by the Department of Agriculture, which bases its estimate on its latest reports. That is about 65,000,000 bushels more than last year, but 25,000,000 bushels less than in 1912 and about four million bushels less than in 1911.

Forecast of production in several western states (in thousands of bushels) follows:

New Mexico, 900; Arizona, 100; Nevada, 200; Idaho, 1500; Washington, 7600; Oregon, 3300; California, 5300.

With the protection of sugar higher than in many years indications are that the country's sugar beet crop this year will be the smallest since 1910. A forecast of 4,826,000 tons was announced today by the Department of Agriculture. Last year the production was 5,659,000 tons; in 1912, 5,224,000 tons, and in 1911, 5,062,000 tons.

Summer Coughs Are Dangerous
Summer colds are dangerous. They indicate low vitality and often lead to serious Throat and Lung Troubles, including consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c and \$1.00 bottles at your Druggist.—Advertisement.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder
Bothers, Drink Lots of
Water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drinking lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Advertisement.

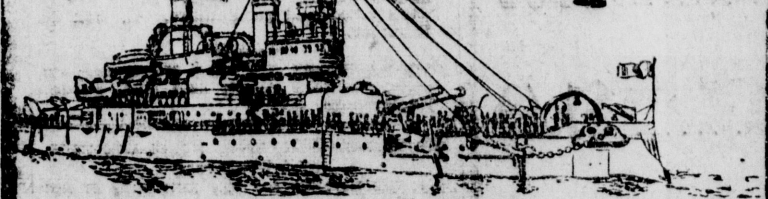

CITROLAX! CITROLAX!

It's a laxative, of course—name tells you that. And the nicest hot weather drink you ever tasted. Flushes thoroughly, and pleasantly, too. F. C. Crysler, Syracuse, N. Y., says: "Have used laxatives for 15 years but this Citrolax has got everything else beat a mile." You will agree with him. Specially nice for children and delicate persons. Sweetens a sour, bilious stomach very quickly and stops headache. Wingood's Drug Store.

Fall Coats and Suits Arriving

Correct Styles Now Shown

—The correct styles for Fall Apparel are featured in the new Suit and Coat models now on display.

—For early Fall wear the Tunic effects are being shown and well received. The jackets are tailored on straight lines, and the combination makes a very pleasing effect.

—Among the new arrivals are some beautiful Broadcloth and Satin Soleil Suits which cloths are being featured in highest class garments. We are showing beautifully tailored suits at \$30.00 and \$40.00.

—The Gabardine is one of the new pleasing materials, a kind of fine double wale serge. It is shown in handsome models at \$27.50. Unfinished worsted and chevrons are popular for the popular priced suits at \$25.00.

—Rich furette materials are being shown for Fall and Winter Coats. Black is the

prevailing color, with black plush collars. We show these garments also in brown, gray, and navy, in many pleasing styles at prices from \$7.50 to \$30.00.

GOOD SHIP DELHI WEATHERS ANOTHER TERRIFIC STORM

Able Seamanship of Captain
William Kelly Again
Proves Effective

Under the able seamanship of Captain William Kelly the gallant craft of the community of Delhi successfully weathers many a wild storm. Time and again, owing to the captain's expert knowledge of the best routes to be chosen on the high seas, the Delhi ship of state has been steered from troubled waters into placid and unruffled harbors of municipal felicity.

However, weird winds will blow, no matter where the most adept of skillful mariners may sail. Oftentimes without the slightest warning a vessel will come upon sea lanes as treacherous as rattlesnakes.

And this is precisely what happened several days ago. The good ship Delhi was bounding along at a merry clip. Piping breezes sent the magnificent craft careening down the seas in a manner to have satisfied a much more critical navigator than Captain Kelly. Suddenly, and entirely unexpectedly, ghastly palls of Stygian clouds became visible on the horizon. The captain clapped his spectacles to his eye and a frown of apprehension darkened his brow. A terrific hurricane was approaching, there was not the slightest doubt of it.

However, the captain, stout of heart,

set about methodically to his task. He trimmed his sails, making all snug aloft and below. He even took a double reef in his mainsail.

Meantime, the terrible storm came closer and closer. It came in the shape of a furiously cackling Chinaman and a Mexican woman, equally furious in gestures.

The captain was prepared for the worst. He awaited the oncoming storm without so much as the wink of an eyelash. He settled back in his rocking chair on the front porch and wrapped his comforter more closely about his shoulders. Come what would, Captain Kelly had done his duty. If his ship was doomed, well then, so be it.

At last the tempest descended in all its demoniacal fury. "Man Policeman! Man Policeman!" shouted the irate Chinaman and the blushing Mexican woman in unison. (In passing it might be well to state that Captain Kelly, who is a deputy sheriff, holds, also, the semi-official title of city marshal of Delhi.)

The fierce fusillade of the elements continued with unceasing vigor. The raging winds chewed the canvas on the spars to rags. Volley after volley was hurled into the dumfounded ears of the patient captain. The Chinaman and the Mexican woman hurled a veritable stream of scathing words, first at each other and then at the captain. The latter was unable to make head or tails of the matter.

At last, the worthy contestants somewhat out of breath, it appeared that the back of the storm was broken.

Captain Kelly calmly removed his pipe and spat reflectively over the railing of his veranda. He shifted slightly in his rocker and cocked his feet on a chair which stood conveniently near. He opened his mouth to speak, but before he could utter a word the slant-eyed Celestial was in action again.

"She owe me ninety-five cents—

long time—five months—she no pay—she say me come Saladay—I come Saladay, she shut the door—then she buy twenty-five cents of vegetables—give John one dollar—he keepee dollar—she wantee it back—she foolee me allatime—I foolee her—one Mexican girl say it was not her mother that owe me—it was her aunt—so it all in family anyway—and me decide my way—me putee dollar in my pocket."

The captain regarded the Chinaman in silent amazement. The whole matter was beyond him.

Suddenly the Celestial, finding evidently, that he was gaining but little ground, darted down the dusty road, jumped into his vegetable wagon, and, gathering up the reins, dashed off down the highway. Vast dust clouds were hiding the Chinaman from view by this time, but he was still making himself heard above the clatter and din of his rapidly moving wagon.

"She foolee me allatime! I foolee her!" the Chinaman was heard to yell.

The Mexican woman, seeing that her cause had been lost, turned away and went silently in the direction of her shack.

Captain Kelly, took down his feet from the chair opposite, got out his pipe and began filling it methodically. "Well," he mumbled, "my watch was below anyway and it didn't look to me like the squalls were heavy enough to make it necessary to come on deck."

The ship had weathered another storm.

One Man —9000 Horsepower

How the Largest Exclusive Tire Factory
Keeps Cost Down and Keeps Quality Up

Firestone TIRES

Cost No More Than Average

Every facility for economical production that science has been able to produce has been brought to bear in the Firestone plant to give you Firestone quality at ordinary price. The power plant, where one man feeds the boilers that produce 9000 horsepower, is one example of Firestone scientific management.

The great Firestone plant naturally attracts the country's greatest tire experts.

Every man in this factory is a tire specialist, doing his work with skill and accuracy.

Here nothing but tires is made, and every ounce of steam power, every effort of the workmen, every bit of study and thought, are focused on the making of Firestone Tires. This concentration and specialization in production make it possible to give highest quality at a cost no greater than only average tires.

THE "REGISTER'S" POLITICS

Now that the primary campaign has come to a close, and before the results can be known, the Register desires to go on record as to its politics, policies, political principles, etc. During the primary campaign this paper has sedulously refrained from "taking sides" in Progressive or non-partisan contests. Just as sedulously it has sought to exalt Progressive principles and policies. It believes in them and in the men in this state who stand for them.

With this paper, it is not a question of party at all; it is a question of principles and policies and personalities. For instance, if Governor Johnson and John M. Eshleman, being the men they are, and standing for the things they do stand for—the principles, the policies, the methods by which their lives have been guided and their public service has been characterized—if these men were thus running on the Republican ticket or the Democratic ticket, if they were Republicans or Democrats, the Register would support them just as heartily as it has supported, and does and will support them as Progressives.

Just so, too, it is and will be with this paper as regards the others who are running and will be nominated on the Johnson and Eshleman ticket: F. J. O'Brien for Secretary of State, F. W. Richardson for State Treasurer, F. J. Heney or Chester H. Rowell for United States Senator, Hans V. Weisel for Assemblyman. These men, if elected, will be in public office the personification, the expression, the effectuation of progressive policies and principles in the public business.

Another illustration: If Theodore Roosevelt should be nominated for president in 1916, the Register would support him, NO MATTER BY WHAT PARTY OR PARTIES HE MIGHT BE NOMINATED. We are hoping and believing that Roosevelt will be the nominee of both the Republican and Progressive parties. He is the only man on whom they can unite, and they ought to do it. And if they should do it this paper wouldn't care a whoop whether they did it under the name, PROGRESSIVE PARTY, OR REPUBLICAN PARTY.

Chester H. Rowell and Francis J. Heney, the Progressive rivals for the United States Senatorship, after spending a couple of months campaigning over the state have united in declaring that the re-election of Governor Johnson is practically a certainty.

MODERN WAR

The popular conception of war sees a battle as a line of men with colors flying and cheering officers, led forward in dress parade against a similarly arranged foe. Over on some hill is the general watching the battle with field glasses, and sending dispatches by mounted aides on frothing horses.

Modern war has made such methods as obsolete as the Roman galley. Battle flags are a means of attracting the enemy's fire. The general sits in some quiet office or field station miles from the front, and talks with his officers by telephone or wireless.

War has become a business and industrial proposition. The slightest failure in detail may wreck a campaign. Sore feet due to imperfectly stitched shoes may cost a battle, quite as much as defective rifles.

In the Balkan war the Montenegrins illustrated the failure of old style warfare. The picturesque mountaineers were called the best fighters in Europe. They disdained to carry intrenching tools. So it cost them three times as many men and four times as much time to capture Senj as it would have cost scientific fighters, with the spade.

There is no place in modern warfare for the individual hero. He would interfere with discipline. Everyone has to be a hero. That involves an efficient commissariat. Good fighting is never done by hungry men.

Still, the human element can never be systematized out of war. By incessant target practice the marksman learns to shoot straight, which was the reason why the United States beat Spain in 1898 so readily. The other human element of enthusiasm is partly a matter of national temperament, partly a sense of the justice of the cause. Such are the great factors in this war of the gods on the frontier of France.

HOW RUSSIAN RECRUITS ARE TAUGHT TO KILL

The raw Russian recruit, who is held as a reserve for times such as have come in Europe, is being hurried into the great mobilization camps of the Czar to make up the enormous army of 1,280,000 he is now gathering for defense against Germany or attack on Austria. These troops are taught actual use of the bayonet long before they even get a uniform.

In the case shown in the photograph the recruit is stabbing a dummy figure with a bayonet under the instruction of non-commissioned officers. He is taught the vital places in the human body that he may waste no strength. Every Russian soldier who withstands a charge of German or Austrian infantry will know where to place his bayonet to end as quickly as possible the earthly career of his foe.

GOVERNOR JOHNSON TALKS CONFIDENTIALLY TO GROUP OF FRISCO BUSINESS MEN

(From Progressive State Headquarters)

A confidential talk on some phases of the political campaign of 1914 was made to seventy-five business and professional men, members of the Civic Club of San Francisco, at its weekly luncheon last Thursday by Governor Hiram W. Johnson, Progressive candidate for re-election.

"You need not worry about registration," said the governor. "Four years ago the Republican candidates for governor in the primary received a total of 215,000 votes and the Democratic candidate received only 47,000. But when the final election came the Republican candidate polled 177,000 and the Democrat got 154,000 because all these Republicans who are now prating about their staunch Republicanism voted for the Democratic candidate. "It was not a partisan fight four years ago, and it will not be a partisan fight this year.

"This is going to be a bitter campaign and lies and vilification are to be heaped upon the Progressive administration. Already stories have been made out of whole cloth and spread over the state in an endless chain of mendacity. There is a newspaperman at Sacramento who openly admits that he is under contract to make up whatever stories he can that will hurt the Progressive administration.

"An attempt has been made to show that this administration is dishonest, but the fact remains that no one, high or low, has been able to get by with a single or even a doubtful transaction in the affairs of the government of California since this administration has been in power.

"A story is being told about the extravagance of this administration. Figures are being quoted, but they are just \$17,000,000 in excess of the exact

figures, and that is demonstrable and has been demonstrated. That sort of statement is going to react. They have started too early with their mendacity in this campaign.

"The candidates for governor were told by their masters when this campaign began that they must abuse Johnson, and that they must not abuse one another. Mr. Ralston alone seems to have realized that he had a contest within his own party, and he has really made the most gentlemanly fight of any of the other candidates.

"But even he has tried to make the people believe that they are paying higher taxes because of this administration. He admits that the cost of running the state is paid by the public service corporations, but he says that the public service corporations shift it to the burden of the people.

"The public utility corporations are paying all the state taxes, but they have not been able to put the burden on the people, for the very simple reason that the only way they could do that is by making you pay higher rates, and instead of being raised, the public utility rates of the public utility corporations have been reduced by the Railroad Commission to the amount of \$6,000,000 a year.

"There are two things the opponents of this administration have got to get in order to return to power, and those are the Railroad Commission and the Board of Control. And that is why they are spending hundreds of thousands of dollars. That is their real aim, no matter how masked and concealed it may be.

"These two agencies have got to be destroyed in order that these plunderers may reach into the treasury and that they again may run this state as they please."

a war map coupon and one of these will be required in addition to the expense fee.

As the cannon roar and the shells drop from the great aerial fleets you will want to know where all of these movements take place and this official map will give you exactly the information you are looking for, as everything is fully covered from the Rock of Gibraltar to the Ural Mountains.

Educational charts are attached to the map proper and these show the fortified towns, naval area, big battle ground plans, and all of the great war capitals in detail, besides there are portraits of the European rulers, tables showing the strength of the armies and navies as well as the aerial fleets and a wealth of information such as has never before been shown in a map of this character. All you need to do to get one of these wonderful maps is to clip the coupon and present it with the promotion expense of ten cents, or it will be sent by mail either in town or out of town for twelve cents in coin, stamps or money order. The distribution begins today and readers should lose no time in taking advantage of this great offer.

LABOR DAY VIEWS OF LEADING MEN

Wilson Sees Advance—Roosevelt Favors Unionism and Labor Aids

WASHINGTON, Aug. 25.—Labor day statements were contributed to the "Federationist" today by President Wilson and former Presidents Roosevelt and Taft. President Wilson wrote: "No one can look about with frank eyes without feeling the steady movement of purpose and action toward justice and the fuller comprehension and realization of the essential rights and liberties of man."

Col. Roosevelt favored unionism, a workmen's compensation law, an eight-hour day and a minimum wage. He denounced violence, especially of the kind which occurred during the Colorado miners' strike.

NOT BY MY VOTE

Men will have strong drink and men will sell liquor, but, Not By My Vote.

Saloons may go on like the brook, forever, and men may die by the thousands in them, but, Not By My Vote.

Truth may be wrecked and character may be dismantled; homes may be destroyed and women and children beggared, but, Not By My Vote.

Children may be caught in the saloon snare, the victims of alcohol may fill our jails, almshouses, and insane asylums, but, Not By My Vote.

The saloon may impoverish and degrade the working man; produce idleness, disease and pauperism. It may breed anarchy and crime, but, Not By My Vote.

The Government may license the drink traffic and for a consideration take "a reward against the innocent" and "bargain away the public health and the public morals, but, Not By My Vote.

The liquor traffic may corrupt the social and political life of the nation; it may worm its way into all business and even into the social precincts of the home and the church, but, Not By My Vote.

The bells may toll the death knell of a human soul slain by Rum every five minutes of the day, but, Not By My Vote.

COLIFORNIA DRY COMMITTEE for Santa Ana

Keep Your Liver Active During the Summer Months—Foley's Cathartic Tablets for Sluggish Liver and Constipation

It does beat all how quickly Foley Cathartic Tablets live your liver and overcome constipation. Ney Oldham, Wimberley, Texas, says:—"Foley Cathartic Tablets are the best laxative I ever used. They take the place of calomel." Wholesome, stirring and cleansing. No griping. A comfort to stout persons, as they relieve that full bloated feeling. Wingood's Drug Store.

Ranchers, Dairymen, Fruit Growers and Investors

Are you looking for the following conditions? Abundant irrigating and domestic water, when and as you want it, at very low cost (38c per acre for six acre feet); richest loamy, easily tilled soil, containing abundant lime and phosphates, producing enormous crops of alfalfa, grains, fruits and vegetables. Level lands, but with sufficient grade to irrigate easily, that can be cleared and prepared for crops at small cost. Ideal conditions for live stock and poultry. Good markets and railroad transportation. Finest of health conditions. In pure, bracing air, in one of the finest climates in California. Good neighbors, schools and churches and solid banking facilities. The best proposition in the state at reasonable prices and on easy terms. If the above is what you really want, we can furnish it to you, and too. For full information and printed matter call on or address G. M. REA, 630 H. W. Helman Bldg., Fourth and Spring Sts., Los Angeles, Calif. A1854 or Main 6191.

WORKMEN'S COMPENSATION INSURANCE O. M. ROBBINS & SON

CERTIFICATE OF BUSINESS-FICTITIOUS FIRM NAME

The undersigned do hereby certify that they are conducting a Bicycle and Sporting Goods business at Fullerton, Orange County, California, under the fictitious firm name of Beltz Cycle Company, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Elmer T. Beltz, Fullerton, California, and Warren E. Beltz, of Fullerton, California.

Witness our hands this 25th day of July, 1914.

ELMER T. BELTZ, WARREN E. BELTZ.

State of California, County of Orange—ss. On this 25th day of July A. D. 1914, before me, F. C. Spencer, a Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared Elmer T. Beltz and Warren E. Beltz, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

In witness whereof I have hereunto set my hand and affixed my official seal the day and year in this Certificate first above written.

(Seal) F. C. SPENCER, Notary Public in and for said County and State.

Summer Constipation Dangerous

Constipation in summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Typhoid, Poisoning and other ill effects are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which aids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose to-night. 50c at your Druggist.—Advertisement.

Society and Club News

A KEWPIE PARTY

Miss Thelma Fipps Entertained Merry Coterie of Girls at Broadway Home

A party with Miss Thelma Fipps as the hostess was given at the Fipps home, 602 South Broadway, yesterday afternoon. Cuddling, kissing, and decorations of the rooms, smiling and merry girls as they jolly joined in lively games. After a jolly hour or two at the Fipps home, the girls motored to the Tustin home of the Misses Eva and Gladys Stearns, where they indulged in a watermelon contest. Later, return was made to the Fipps residence, where ice cream and cake were served.

Besides the hostess there were present Misses Vivian Talbot, Miss Ethel Hildebrand, Miss Helen Stanley, Miss Mildred Heninger, Miss Leora Peters, Misses Eva and Gladys Stearns; Mrs. J. C. Stearns.

Art Study Club to Meet

The Art Study Club will have a special meeting on Wednesday evening, August 26th, at the home of Mrs. A. J. Padgham, 208 East Ninth street. Miss Gowdy's sister, Mrs. Baker, an artist from New York, will be the honored guest of the evening and will speak of modern painting.

Interesting Wedding Tonight

A marriage of much interest that will take place this evening at the First Presbyterian Church at 8 o'clock is that of Miss Hazel Rowley and John Sauer of Tustin. Miss Rowley is the daughter of Mr. and Mrs. A. R. Rowley and is being married to John Sauer, a son of Mr. and Mrs. J. Sauer. The wedding is to be entirely informal and will be attended only by close friends. The church is being decorated for the nuptial occasion by the girl friends of the bride-to-be.

Mission Tea Postponed

The missionary tea, which has been held at the residence of Miss Paul tomorrow afternoon by the ladies of the South Methodist church, has been postponed on account of the news of the death of Harry A. Tedford and his funeral, which will be held in Santa Ana. Due notice will be given of the date of the tea when it is decided on what date it will be held.

HAS ADDED LADIES' TAILORING DEPARTMENT

The splendid success which Stetson, "the real tailor," has built up in Santa Ana as an exclusive men's tailor has encouraged him to add a ladies' tailoring department. Hereafter man-tailored suits for ladies will be made a specialty of this shop, though he will continue to make men's suits as before.

During the several months this establishment has been located in Santa Ana, hundreds of men's tailored suits have been turned out to satisfied customers. Our trade has steadily increased and in order to meet this growing demand we have been constantly adding to our large stock of woolen suitings.

We have received a number of inquiries from ladies as to whether we would do ladies' tailoring. Heretofore we have declined to do ladies' work, but now have decided to add a complete ladies' tailoring department. We will carry a fine line of ladies' suit fabrics and have in our store an expert ladies' tailor, cutter and fitter. Ladies are invited to call and see our fine line of cloth and get our prices on man-tailored suits.—Advertisement.

Mrs. George Law to Become British Nurse

Mrs. George Law, the American millionaire widow, who has spent most of her time in London in the last few years, has announced that she will go to the front as a hospital nurse. She will probably seek the British army in the field in Belgium, and act with scores of other women who have already gone into the field. Mrs. Law has been persona grata at the Court of St. James for several years, and she is said to enjoy intimate acquaintance with the royal family.

HARRY TEDFORD PASSES AWAY IN SAN FRANCISCO

The news of the death last night in San Francisco of Harry A. Tedford, son of Mrs. W. N. Tedford, 623 North Broadway, reached here this morning. His death followed a serious operation performed last Thursday, from which he was apparently rallying, but the shock of which ultimately proved fatal.

Mr. Tedford formerly resided here, and was the brother of W. B. Tedford and Ed Tedford, both widely known here. The remains will leave San Francisco this evening, reaching here tomorrow morning shortly after 9 o'clock. Arrangements for the funeral were not completed up to noon, but may be announced later in the day.

Mr. Tedford was connected with the Northern California Power Company and had resided in Central California for several years.

WELL-KNOWN MEMBER OF LOCAL FIRM DIES

A. J. Skidmore, a member of the firm of Cope & Skidmore, electricians, died at his home, 412 South Birch street, yesterday of Bright's disease, after an illness extending over a long period. Deceased was 39 years of age, a member of the Masonic and Elks lodges. He had lived in this city for two years. Interment will be at Fairhaven cemetery tomorrow. The Masons will have charge of the funeral services at the cemetery and members of the Elks lodge will act as pallbearers.

AMUSEMENTS

Temple Theater

Tonight and tomorrow will be your last chance to see Jack London's great success, "The Valley of the Moon," which has been the strongest drawing card the Temple Theater has had the pleasure of offering to its patrons. Last night witnessed a capacity house and those wishing to get seats tonight should come early so as not to be disappointed.

High Class Photo Plays

The Lyric Theater is presenting today and the same program will be shown tomorrow, the eleventh episode in the Lucille Love, the Girl of Mystery Series, which is one of the most interesting and exciting of any previous show.

Not only is this picture an interesting feature of the program, but a number of high-class comedies and dramas are also being shown, which makes an interesting and enjoyable evening well spent.

EDISON EMPLOYEES RECEIVE BUTTONS

Those in Service Over Five Years Entitled to Badges

W. L. Deimling, manager of the Santa Ana branch of the Southern California Edison Company, has received for distribution among employees, in the manner they are entitled to, a supply of service buttons, which already adorn the lapels of coats of various employees of the big corporation.

Three employees of the Santa Ana branch are wearing the buttons. The man longest in the employ of the local office is Frank Todd, district foreman. Todd has been in the employ of the Edison Company continuously for twelve years. The next oldest in point of service is John Hayhurst, subforeman, in charge of the installation of wiring in pumping plants. Hayhurst has been in the employ of the company for nine years. Harry Lehigh, assistant district agent, has been employed by the company continuously for seven years although he has served eleven years in all.

In regard to the objects and aims of the company in thus adopting the insignia of honest and faithful service, W. A. Brackenridge, vice president and general manager of the Edison Company, says in an article in Edison Current Topics:

Honorable service in any vocation of life deserves appreciation and merits admiration. It is the trend of the times to recognize the period of satisfactory employment as an evidence of merit, and it has always been a subject of pride with the Southern California Edison Company and those charged with the management of its affairs to count loyalty and fidelity of service rendered by its workers one of its most valuable assets.

To recognize by appropriate insignia those who have passed various periods in bringing the Edison system to a degree of perfection has been the subject of much interest and careful thought on my part. In considering this fact I have designated the insignia of greater honor for the longest period of service. In doing this it is far from my desire to underrate in the slightest degree the value to the company and its appreciation of the services of employees whose terms have been of shorter duration. The man with the least number of years to his credit may have it in his power to render the most valuable results to his employer.

Every one in the employ of the company approximately 1772 men and women. Personal acquaintance except to a limited extent is impossible among so many. The emblem when worn will enable us to recognize each other and will serve as a means of introduction. It has occurred to me that as the years go by and the bronze button is exchanged for the blue and red one, the blue and red for the blue and white, the blue and white for the red and white and the red and white for the white and gold, these events will serve as pleasant reminders of cordial relations and tend to strengthen the bond of friendship between us.

Briefly described, the tokens are five in number, covering the period from one to twenty-five years: The denominations and distinctive colors are:

One to five years, bronze.

Five to ten years, 14-karat gold, blue and red.

Ten to fifteen years, 14-karat gold, blue and white.

Fifteen to 20 years, 14-karat gold, red and white.

Twenty years to 25 years, 14-karat gold, gold and white.

Jacob Maier of Los Angeles will enjoy the distinction of being the only man in the organization entitled to the gold and white button, having been in the employ of the Edison company and its predecessor companies 22 years.

WANT CHANGE SITE OF CORONA BRIDGE

Residents Ask Riverside Supervisors to Build New Structure

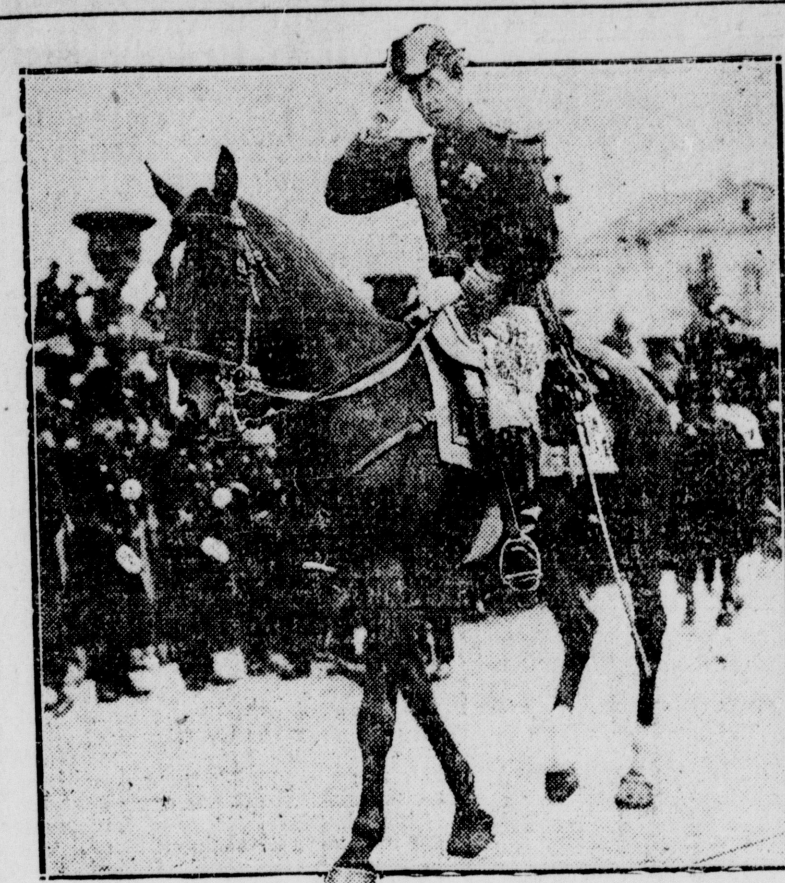

Riverside Press: Steps were taken by the Board of Supervisors this morning to change the location of the North Main street bridge, across the Santa Ana river, north of Corona, in Supervisor Hamner's district, to a new site about one mile east of the present. The advertisement for the contract of re-building the old bridge, at an estimated cost of about \$8000, had already been published once, but the board rescinded their action in ordering the advertisement. The board is now planning to build a new bridge at the new site, which is on the section line and directly north from Corona.

W. C. Barth, T. C. Jameson, C. B. McConnel, and George E. Snedcor of Corona, representing the Good Roads Committee of the Corona Chamber of Commerce, and A. J. Stadler, J. W. Chase and Mayor Oscar Ford of Riverside, representing the land owners north of the river, appeared to petition the board to make the change.

The new bridge it was stated might cost \$10,000, but it would be worth many times the difference to the sections directly affected and would be a much safer bridge than one on the present site. Mr. Stadler said it would save farm two miles on the round trip to Corona, and give an easier and better grade. He assured the board that all rights of way would be secured free of cost to the county.

Constipation Causes Sickness Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. KIM'S New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c at your Druggist.—Advertisement.

KING ALBERT OF BELGIUM REVIEWING HIS TROOPS

For the first two weeks of the European war King Albert of Belgium was the only monarch of Europe actually in the field to lead his troops. Time and again when the fighting around Liege was at its height reports came that he had gone out to command his armies. The wonderful stand Belgium has made against the crushing German force in a large measure accounted for by the fact that the king himself was willing to share some of the physical dangers of war.

FIGHTING STILL GOES ON IN MEXICO

Internal Constitutionalist Rows; Ex-Huertistas Are Also to Front

WASHINGTON, Aug. 25.—That recognition by America of the Carranza government in Mexico is not contemplated for the present, was learned today from an authoritative source. The Constitutionalist government will not be recognized until certain internal reforms are inaugurated.

Fighting Continues
VERA CRUZ, Aug. 25.—Federal soldiers under Generals Higinio Aguilar and Benjamin Argumedo are reported to have dynamited a constitutionalist military train between Apizaco and Puebla Sunday, killing 500.

Incoming passengers from Mexico City bring the news that ex-federals in Puebla have routed General Jesus Carranza and his force of constitutionalists.

Battle Expected
CALEXICO, Cal., Aug. 25.—General Anaya, in command of 1200 constitutionalists, encamped two miles east of Mexicali, last evening delivered an ultimatum to Colonel Cantu in command of the Mexicali fort. Colonel Cantu refused to surrender. He said Anaya could not show proper credentials as governor of the northern district of Lower California.

General Anaya started on a detour to approach Calexico from the south-west. Cantu sent three detachments to meet him. A battle is expected. Hundreds of non-combatants are flocking across the line into Calexico, and no Americans are allowed to cross into Mexico. A number of American recruits are said to have offered their services to the constitutionalists.

Nonan, who blew up bridges for Villa, is with the constitutionalists. He is said to have smuggled an automobile load of rifles across the line Sunday night.

It is reported that an additional force of 600 constitutionalists has come up from the south by motor boats through the Colorado river and Volcano Lake.

Cantu's soldiers were formerly Huertista men. Colonel Lojero, former commander, resigned and left Cantu in command. The Mexicali customs and resort licenses are said to amount to between \$25,000 and \$40,000 monthly and are coveted as a prize by both sides.

ARTICLES FILED CITRUS GROWERS OF YORBA LINDA

Articles of incorporation have been filed by the Foothill Groves, which has its principal place of business at Yorba Linda. The organization is formed to "handle, pack, ship, and market oranges and lemons." The capitalization is \$10,000. The directors elected for the first year are Chas. H. Hamburg, Daniel Speer, H. P. Turner, W. H. Holloway, Arthur C. Pickering, Arthur W. Millier and Andrew B. McDavid.

PROPOSE SALE OF ITS WHARF

Southern Pacific Wants to Dispose of its Pier at Newport Beach

Newport News: General Superintendent T. C. Platt of the Southern Pacific was here Friday in his private car, for a conference with local representatives over the disposition of the company wharf in this city.

President Beckwith of the Chamber of Commerce appointed W. K. Parkinson, Lew H. Wallace and W. A. Cornelius as a committee to confer with Mr. Platt and an appointment was made to meet him in his private car at 3 p. m. Friday afternoon. Mr. Platt stated that the wharf was quite an expense to the company without producing any revenue and that he was authorized to dispose of it if possible; otherwise it might be dismantled by the company. He stated that his company would consider two propositions: that of sale or lease, but would not consider any proposition looking toward the disposal of that part north of the sidewalk on the ocean front. He stated that the city could ship merchandise over the wharf if it so wished, and that the Southern Pacific would handle the freight if the city so wished. He was asked if it made any difference to the company whether or not the city or a private corporation bought the wharf and he said it did not.

The committee took the matter under advisement and another meeting was scheduled with Mr. Platt for Saturday.

On the Way Home
Fullerton Tribune: H. L. Brannon who was dangerously injured by being thrown from his motorcycle here July 4 and who has been at the Fullerton hospital since that date under the treatment of Dr. Hall, has recovered and left for his home in Louisiana today, accompanied by his brother.

The time to ship poultry is when the demand is good and the market steady.

BORN

CHANDLER—On Sunday, Aug. 23, 1914, to Mr. and Mrs. C. C. Chandler of 823 North Birch street, an 8½ pound daughter.

DIED

MORNING VOTE IS VERY LIGHT

Soon After Noon Hour, However, the Real Fight Began

Reports from points all over the county at noon today showed that the vote had been extremely light up to that hour. In Santa Ana the morning found only about twenty per cent of the vote cast. At 1 o'clock No. 2 had 149 out of about 500 registrations. In No. 9 150 had been cast out of 667.

A report from Fullerton said that the vote in that city was lighter than had been expected. Garden Grove had cast about 100 votes out of a registration of about 500. Bolsa had voted 40 out of 193.

However, the voting began to quicken about noon, and by 2 o'clock voters began to come in steadily. The automobiles were of little use during the morning. This afternoon the machines began to bring in voters. It is thought the heaviest voting hours of the day will be between 3:30 and 6. The polls close at 7 o'clock.

It will probably be 10 o'clock before returns sufficient upon which to base an estimate will be available. The Register will gather partial returns from some of the precincts, and will secure complete returns from precincts as rapidly as possible.

LOS ANGELES PRODUCE MARKET

The chili season is at its height and canning of that product is going on in full swing in Los Angeles, and also at a number of other factories scattered through Southern California. In addition large quantities of chili are being evaporated, and the total output of the spicy vegetable will amount to upward of 3000 tons this year, a record-breaking crop. In the Santa Paula district, where approximately 1000 acres were given over to chili, a number of large new driers have been installed, and are working overtime on the crop. Locally the market is amply supplied with chili peppers, which are selling as low as 2 cents a pound. Bell peppers have not been so plentiful this year, and the price has held up well, the lowest quotation reached so far being 5 cents, and this not on the best stock. The crop has also been very late, on account of the cool weather.

An advance of \$1 a ton was announced yesterday morning on rolled barley, and on wheat, pursuant with the rise of these products in the East. Barley has been very low in price up to this time, and farmers are beginning to figure that they will be able to get a profit commensurate with their work in producing on account of the war situation. The crop is very large, considerably in excess of last year. Hay is showing a little more firmness, and some advances are looked for soon.

Receipts of eggs were 218 cases. The price of eggs is steady, and remained unchanged in trading yesterday.

Real Estate Transfers

(Furnished by the Orange County Title Company.)

NOTICE TO CONTRACTORS

County of Orange, California, County Highway Commission.

Sealed bids for the improvement of Section 2, Talbert Road, will be received by the Board of Supervisors of the County of Orange, State of California, up to and including the 2nd day of September, 1914, at their office in Santa Ana, to be there publicly opened and read.

The work is to be done in accordance with the profiles, plans and specifications adopted by the Board of Supervisors and in file in the office of said Board, and as set forth in the County Highway Commission, and no bid will be considered which is not in accordance with the form herein referred to.

Each bid must be accompanied by a certified check in the amount of five (5) per cent of the total of the bid, made payable to the County of Orange, as a guarantee that the bidder, if awarded the contract, will enter into a contract for the performance thereof satisfactory to said Board of Supervisors. And in addition thereto, the successful bidder will be required to post a bond in the sum of twenty-five (25) per cent of the amount of the contract, with sureties satisfactory to said Board, as a guarantee of faithful performance of the contract, and a further bond in the sum of fifty (50) per cent of the amount of the contract, with acceptable laborers, materialmen, etc.

The Board of Supervisors reserves the right to reject any and all bids, and to award the contract to whomsoever it may deem advantageous to the County.

By order of the Board of Supervisors of the County of Orange, State of California, made this 18th day of August, 1914.

W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors.

APPROVES MAP OF P. E. GIFT

Clyde Bishop Sends Word of Action of War Department

Newport News: Lew H. Wallace, chairman of the Newport Beach Chamber of Commerce Harbor Committee, received a letter Thursday from City Attorney Clyde Bishop, who is in Washington, D. C., saying that the War Department engineers had approved the map of the 8.6 acres of land given to the government for harbor purposes by the Pacific Electric Railway. The department will, within a few days, return a map on which the harbor lines for an added portion of the bay will be approved.

With this necessary information on hand the city will be in shape to place James Irvine's deed for 1500 feet of harbor frontage in escrow, as it would not be possible to properly describe the land desired for public harbor frontage without knowing exactly where the harbor lines of the bay would be.

No hitch in the program of harbor development is looked for in the dealings with Mr. Irvine, as he has shown considerable interest in the development of Newport harbor within the past year and has kept himself informed in every step of the proceedings.

The general consensus of opinion is that the next move before a bond election for the building of a jetty is called will be the annexation of Balboa Island to the city, as this property would probably be benefited more than any city property, and lying as it does without the city limits would not be assessed to pay any part of the bonded indebtedness. With the large number of lots on the island, it would more equally distribute the cost and the increase in the tax necessary to pay off the bonds and interest would be so small as to be almost unnoticed. A number of the residents of the island are anxious to have the island admitted and it is probable that steps with this end in view will be taken soon after the arrival of City Attorney Bishop from the East.

A second letter from City Attorney Bishop, received Friday by Mr. Wallace, states that the government required an abstract for the land submitted before it would accept the deed from the Pacific Electric Land Company.

MUST MUZZLE DOG OR RISK HIS DEATH

Anaheim Herald. "Dogs is dogs" so far as the dog catcher is concerned. He is now on the trail of any canine that is running about the streets without a muzzle and is also calling on the owners of the said canines to pay their license to be allowed to keep such dog in this city.

A number of stray dogs have been hanging around town without muzzles and in some cases without owners. This will not be so for very long as Officer Clair is on the warpath and is now gathering in all spare dogs that are not carrying a license and a muzzle.

If you own a canine and think it worth two or three-dollar license and the price of a muzzle get busy today and pay your license and get the muzzle at once as the officer is out looking for YOUR dog and will get it shortly. In some cases after the full regalia is adorning the dog the whole outfit is worth three dollars, of which two dollars and fifty cents is license and muzzle and the other half dollar is the value of the DOG. Got one of this kind? Shoot it now.

2000 JAPANESE OF FRESNO ARE READY FOR CALL TO ARMS

Will Return to Fight Germany if Call is Issued

Local Japanese Newspaper Puts Out Extra on Situation

FRESNO, Aug. 25.—Two thousand local Japanese stand ready to answer their country's call to return to their native land and take up arms against Germany, according to information given out yesterday by A. Ikuhara, editor of the Central California Times, the Fresno Japanese daily, after he had learned that Japan had declared war on Germany.

News of the declaration of war was enthusiastically received by the local Japanese. The Times issued a special extra, which in huge type stated that war had been declared and that the emperor had issued an edict to his people, telling them that Japan should stand firm in defense of her rights. The extra was a single sheet, eleven by fourteen inches, printed on one side, giving the facts and a portion of the edict. Editor Ikuhara received the news in a special cable from a big Tokyo daily and ran off his extra about 4:30 o'clock yesterday afternoon.

For a time after the issuance of the extra, excitement ran high in the Japanese quarter of the city. Little knots of men gathered at street corners to discuss the situation and several small demonstrations were started.

Practically all of the Japanese in Fresno are veterans of the Russo-Japanese war, and have been retired. Should their services be demanded in the present crisis, the local Japanese would return in a body.

"The Japanese people want peace," said Editor Ikuhara yesterday, "but it has become necessary for them to declare war against Germany owing to the attitude taken by the Germans regarding Kiao Chow. All the Japanese people want is the restoration of Kiao Chow to the Chinese and for this my people will fight. Japan will make no invasion of any country, but will confine her fighting to the sea."

"I do not think that Japan will issue a call for the return of her citizens in the United States. The trouble is small and the present army and navy is large enough to cope with it. Should a call be issued about 2,000 local Japanese will return to the mother country."

CALHOUN EVIDENCE TO SOON BE SUBMITTED

SAN FRANCISCO, Aug. 25.—District Attorney Pickert announced today that he would submit to the grand jury next month all the evidence connecting Patrick Calhoun, the former president of the road, with the United Railroad's shortage of \$1,096,000.

REQUISITION GIVEN FOR MR. AND MRS. VICTOR INNES

GERMAN OFFICERS TELEPHONING IN THE FIELD

The German army organization is believed to be the most perfect as well as the greatest in the world. This photograph shows army officers telephoning from a forest in the dark of the night. Not even a lantern was permitted. The photograph was taken by flashlight, which was a concession to the photographer.

MAN KILLED IN SANTA ANA CANYON

Had Been on Road Work Only One Day—Wagon Goes Over Bank

J. E. Niles was killed yesterday in the Santa Ana Canyon in a fifty-foot fall down an embankment. He had come down from Los Angeles only the day before to go to work for the Rust Construction Company which is operating on county highway work in the canyon. He was put to work driving a heavy wagon team and it is said had but little experience in driving. In some manner the horses lost their footing and they and the wagon were thrown over the embankment for a distance of fifty feet. Niles' presum-

ably being pinned under the wreck. The accident occurred near Gypsum Creek. Niles lived but two hours after the accident. The body was taken to the D. A. Blank undertaking parlors at Orange. Coroner Winbigger was notified and he is now trying to locate the dead man's relatives in order to determine what disposition to make of the body. The inquest will be held tomorrow morning at the Blank parlors.

OJAI ROAD BEING REBUILT NORTH OF Ojai, Aug. 25.—The Southern Pacific is at work rebuilding the Ojai Valley railroad, which was entirely washed away by the floods of last winter. The route to the famous resorts was rebuilt temporarily. The new road will follow practically the same old course as the old.

CHALLENGE TENNIS MATCH NEWPORT, R. I., Aug. 25.—The challenge match in the doubles for the thirty-fourth title tournament brought out the best players in the country today. Maurice E. McLoughlin and Thomas C. Bundy were to play the winners of the East, West, South and Pacific Coast series.

Marriage Licenses Marriage licenses were issued here to Casimir Micheln, 45, and Lucy Ragan, 48, both of Fullerton, and to Walter H. Adams, 26 and Elizabeth A. Glover, 21, both of Santa Ana.

LONG YEARS AGO, THE GIRLS WOULD WADE AND SWIM IN BATHING SUITS HOMEMADE.

BUT NOW THEY USE THEIR BATHING CLOTHES TO GO OUT ON THE BEACH AND POSE!

The WAR MAP, in FIVE COLORS, was originally made in EUROPE by the expensive wax process, as clear and smooth as a steel engraving, and the most accurate process ever discovered for map making. The colors are distinctive, and all rivers and mountain ranges are clearly outlined. The type is all large and distinct and every city and town of importance is plainly indicated. Cheaply drawn maps cannot possibly give the infinite detail shown on this authentic map.

Don't Get a Cheap Map in Two or Three Colors When You Can Get This FIVE-COLOR MAP for 10c.

WAR CHARTS

The big war map is 18½x 16½ inches, and contains ALL the war area. Then there are NINE CHARTS showing fortified towns, naval area, big battle ground plans, and ALL of the big war capitals in detail. Everything is fully covered, from the rock of Gibraltar to the Ural Mountains.

SALT LAKE MAY COME THROUGH ANAHEIM

Anaheim Herald. Some persons having property near the Santa Fe depot, are quite excited over the fact that there is a possibility of the Salt Lake road coming through this city

on its way to Santa Ana and San Diego.

There is no doubt that this section would be a good one for the Salt Lake to get into but these big railroads are sometimes very slow to commence operations. There have been rumors of this kind for some time but to date nothing definite has been done that

can be directly traced to the Salt Lake company. The same parties who have bought land at Fullerton and Santa Ana have been looking at land here, but the use to which it is to be put has not been divulged nor has any move been made at the neighboring cities to tell definitely what is to be done with the lots purchased there.
